March 5, 2020

Dear Parents, Staff & Students,

We want to keep our Round Valley community informed of our efforts to deal with sickness resulting from COVID-19 (also known as the coronavirus). We have been in communication with the Apache County Health Department and state officials so we will be aware of any new information. Please refer to our webpage for links to county and state info on the virus.

At this time, we have no known cases of anyone becoming ill due to the virus. The best way to prevent infection is to avoid being exposed to the virus that causes it. We are cleaning hard surfaces at the schools such as door knobs, desks, computers, buses, etc. We encourage parents to:

1. Ensure your child knows the importance of hand washing for a minimum of 20 seconds;
2. Keep your child home if they have a fever, cough or exhibit flu-like symptoms.

The schools will work with you regarding absence concerns you may have. Alternate plans are in place for emergency closures, if warranted.

If you have any questions or concerns, please call the superintendent's office at 928-333-6592.

Sincerely,

A handwritten signature in black ink, appearing to read 'Travis H. Udall', with a long horizontal flourish extending to the right.

Travis H. Udall
Superintendent
